Prayers for Social Change

Thank God that teen sexual activity, teen pregnancies, and teen abortions are all declining.

May morality, decency and accurate history be taught once again in our nation's public schools.

That our schools continue their Abstinence Education programs. That the lies in the agenda of Planned Parenthood will be exposed, and that the misguided Comprehensive Sex Education program will be miraculously transformed to reflect God's Truth.

For funding of Abstinence programs. (The Comprehensive Sex Education Program receives \$12 for every \$1 allotted to Abstinence programs.)

For Godly wisdom, both for those teaching sex education programs and for school board members.

That schools continue to be required to actively inform parents of their health curriculum, before it is taught to students.

For parents to be actively involved and willing to talk to their children about sex, love and marriage.

For our political leaders. For God to guide our leaders in His Will at the local, state and national level.

For all Pro-Life groups. Help them to educate and have an impact on people, laws and funding.

That men and women discern between God's truth and the lies about abortion.

That the Lord will do a mighty work in our church, our community, our country and our world.

That the scourge of abortion will be eliminated forever.
