

Tri-County Pregnancy & Parenting Services

VOLUNTEER OPPORTUNITIES

We have many opportunities to volunteer. Volunteers are trained before they ever begin to work with clients. Time commitments vary depending upon the position and your availability.

In-Center Client Advocates: After completing training, volunteer peer-counselors work one-on-one with clients, providing prenatal, abortion, adoption, and abstinence information and support services. Clients have the opportunity to respond to the Gospel of Christ and Christian care.

Bi-lingual In-Center Client Advocates: Spanish-speaking volunteers are needed as client advocates to offer our services to the Hispanic population. Description is same as above.

At Home Helpline Volunteer: After completing training, Hotline Volunteers answer Tri-County's phones after hours. You will speak with clients, scheduling appointments and providing basic information about our services.

Volunteer at Tri-County Thrift Shops: Volunteers work sorting donations, pricing items and helping customers at either our thrift shop in Wauconda or in Grayslake.

Receptionist: This position is needed at both centers. You will be asked to answer phones and welcome clients. You may be asked to do minor clerical, reception, and office tasks.

Administrative Assistant: Type up documents, make phone calls, and complete basic filing duties for executive and center directors.

Non-technical Tasks Volunteer: Fill baby bottles, stuff envelopes, do tasks to help prepare for events, etc. while fellowshiping with others. This position is needed at both centers.

Resource Room Assistant: You will keep the resource room organized — sorting clothes and baby supplies — and prepare baby layettes and resource packages for our clients. Client contact is minimal.

Certified Nurse: Process pregnancy tests for the Center, and complete the Proof of Pregnancy form. This can be done around your schedule, and requires no client contact.

Abstinence Speaker: This position will take the volunteer into local schools and youth groups to speak on abstinence. Training will be provided, and the volunteer will work speaking and answering questions that students may have.

Church Representative: You will be in charge of sharing the vision of Tri-County P&PS with your home church. We will also ask you to keep your congregation updated with news from the centers and promote different fundraising events.

Prayer Partners: Prayer is vital in Christian life and at Tri-County P&PS it is our desire to serve and give God the glory for all that is accomplished. In this position you will be asked to pray for our clients, staff, volunteers, and board.
